

# Fixed Term Agreements

New Fuel Storage Tank

Watchman Anywhere Pro

Annual Boiler Service

Automatic Fuel Delivery

The average lifespan of a fuel storage tank is 10 – 15 years ...

...When did you last check your tank for cracks, splits, sun-bleaching and signs of damage?

# What is a Fixed Term Agreement?

A fixed term agreement from Gleaner Oils provides the complete care and support package for oil fuelled heating systems.

The agreement provides a flexible payment option for purchasing a new fuel storage tank. Rolling a new tank, remote oil level monitoring device, and, annual boiler service, into one easy to manage monthly payment, spread over 60 months.

## What's Included:

- A new bunded Atlas fuel storage tank

All tanks come with a 10 year manufacturers warranty. Removal of the old tank for recycling and installation of the new tank & base is included

- A Watchman Anywhere Pro oil level gauge

Including complete installation and set-up with weekly email alerts

- Enrolment onto our Automatic Top-Up Scheme

In-house monitoring of the Watchman Anywhere Pro means our support team can order on your behalf, when you require a fill of your tank

- A yearly service of your boiler

An annual check of your boiler and heating system, carried out by our fully qualified OFTEC registered engineers. **\*Parts and labour are payable separately**

# Flexible Payments & Peace of Mind

## With a Fixed Term Agreement you'll benefit from:

- No large financial outlay in an emergency

The costs of a new fuel storage tank and installation can run into £1000's. This is a large financial outlay particularly in an emergency, such as if your tank splits, suffers damage or has been deemed unsafe for use.

- One manageable monthly direct debit payment

Pay only one fixed-cost payment per month for the 60 month duration of the Fixed Term Agreement. This small monthly payment covers the costs of a new fuel storage tank, a Watchman Anywhere, full installation and a yearly boiler service. Plus, there's no interest to pay.

**\*Cost of oil is payable separately**

- Peace of Mind

Rest easy knowing your oil fuelled heating system is operating safely and efficiently for the duration of the agreement. Our boiler maintenance engineers will ensure your new fuel tank and boiler are inspected annually. Whilst our experienced support team take care of placing your orders, by monitoring your fuel levels using the Watchman Anywhere Pro.

- Expert set-up and installation

As part of the agreement we will fully install your new fuel storage tank and base; Including removing the old tank for recycling. We will also fit and set-up the Watchman Anywhere Pro oil level gauge.

# How Does The Agreement Work?

The Fixed Term Agreement is a flexible way to finance the purchase of a new fuel storage tank. For a fixed monthly cost you can lease a new fuel storage tank from Gleaner Oils. Ownership of the tank then transfers to you at the end of the agreement term.

## Important Information:

- Agreements must be taken for a 60 month period
- The fuel storage tank remains the property of Gleaner Oils until it is transferred to the customer at the end of the agreement period
- The Watchman Anywhere Pro remains the property of Gleaner Oils and is leased for the duration of the agreement. At the end of which it is replaced by a Watchman Sonic which is owned by the customer. \*To continue using the Watchman Anywhere Pro after the 60 month period, the customer must take out a 24 month Follow-On Plan.
- For the duration of the agreement the customer must only purchase fuel from Gleaner Oils

## 24 Month Follow-On Plan:

At the end of the 60 month Fixed Term Agreement, you can continue on our 24 month Follow-On Plan . The Plan allows you to continue to use the Watchman Anywhere Pro, includes a yearly boiler service and automated ordering through the Automatic Top-Up service. In the same way as the Fixed Term Agreement, the cost is split into a fixed monthly payment.

# Get a personalised quote for a Fixed Term Agreement today:

The cost of the Fixed Term Agreement will vary depending on individual requirements including: the size of the fuel storage tank, location and suitability to join the scheme. Contact your local depot to discuss your requirements and to receive a personalised quotation.
